- FR** Les images des échantillons présentés ne sont pas contractuelles. Nous recommandons la réalisation d'un échantillon réalisé par l'applicateur du projet, accepté et signé par le promoteur du projet, sachant que des différences dans les couleurs, la disposition des agrégats et dans les finitions (de par les outils, le polissage utilisé, etc.) sont attendues après la mise en œuvre du produit, par rapport à l'échantillon proposé.
- NL** De voorgestelde afgebeelde stalen zijn niet contractueel. We raden aan om een staal door de toepasser van het project te laten maken, aanvaard en ondertekend door de promotor van het project. Er moet rekening gehouden worden met mogelijke verschillen in kleuren, in de dispositie van de aggregaten en de afwerkingen (vanwege de gereedschappen, de manier waarop er gepolijst wordt, enz.) na het aanbrengen van het product, in vergelijking met het voorgestelde staal.
- EN** The images of the samples presented are not contractual. We recommend asking the applicator of the project for a sample produced by him, accepted and signed by the project promoter, bearing in mind that differences in the colors, in the arrangement of the aggregates and in the finishes (due to the tools, and the polishing used, etc.) are expected after the application of the product, in comparison with the sample presented.
- ES** Las imágenes de las muestras presentadas no tienen carácter contractual. Les recomendamos que el aplicador del proyecto realice una muestra, aceptada y firmada por el promotor del proyecto, teniendo en cuenta que pueden haber diferencias en los colores, la disposición de los agregados y los acabados (debido a las herramientas, el pulido utilizado, etc.) tras la aplicación del producto respecto a la muestra propuesta.
- DE** Die Bilder der vorgelegten Muster sind nicht verbindlich. Wir empfehlen, dass der Anwender des Projekts ein Muster erstellt, das durch den Promoter des Projekts genehmigt und abgezeichnet wird, wobei dieser sich darüber im Klaren sein muss, dass Unterschiede in der Mischung der Einsatzstoffe und in der Oberflächenausführung (aufgrund der Werkzeuge, der Schleifmethode usw.) im Vergleich zu dem vorgeschlagenen Muster nach dem Einsatz des Produktes zu erwarten sind.
- IT** Le immagini dei campioni presentati non sono contrattuali. Si raccomanda di realizzare un campione ad opera del applicatore del progetto, approvato e firmato dal promotore del progetto, essendo consapevoli che si prevedono differenze di colore, nella disposizione degli aggregati e nelle finiture (per strumenti, lucidatura usata, ecc.) dopo l'implementazione del prodotto, rispetto al campione proposto.
- PT** As imagens das amostras apresentadas não são contratuais. Recomendamos a realização de uma amostra feita pelo aplicador do projeto, aceiteada e assinada pelo promotor do projeto, sabendo que podem existir diferenças nas cores, na disposição dos agregados e nos acabamentos (por ferramentas, polimento utilizado etc.) após a implementação do produto em comparação com a amostra proposta.
- JP** 掲載されているサンプルは、結果が補償されたものではありません。本施工に入る前に、施工者自身にサンプル作成を依頼し、最終的な種石の配置や色の仕上げの様相は、塗り付けや研磨に使用される道具などにより、現場で施工されたものと提出された見本で異なる可能性があることを関係各位に説明し、同意を図ってください。
